THE

Echoleon

GRAMOPHONE

The Exclusive Patent Rights of
the Echoleon for New Zealand
are held by Archbold Bros., Ltd.,
Christchurch.

The Echoleon is the very last word in musical reproduction. Its perfectly natural tone will be instantly revealed to the keen music lover, and the absence of surface noises and motor vibration will be readily appreciated. There are various new features embodied in the Echoleon, not the least important being the wonderful new amplifier—designed to give remarkable musical quality

The Echoleon Cabinets, being made in New Zealand, reduces the price to less than half the imported instruments.

The "Echoleon" amplifier gives wonderful volume of sound.

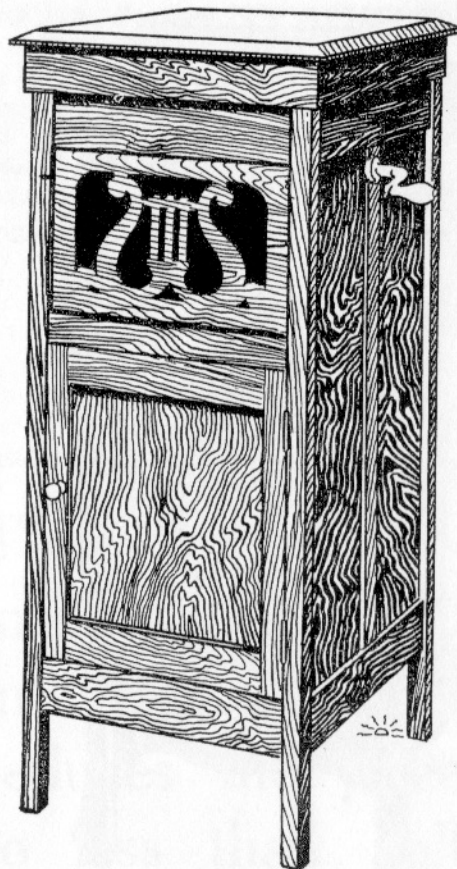

Echoleon
"Opera" Model

Handsome closed-in Cabinet, with carved legs. In either Oak or Mahogany. Tone arm, reproducer, etc., standard "Echoleon" pattern. Heavy double-spring motor, capable of playing three records.

In Oak, £37.

Every "Echoleon" carries a guarantee of satisfaction.

Echoleon "Superb" Model

Attractive design in selected Oak, Jacobean Oak, or Mahogany. Fitted with "Echoleon" standard pattern tone arm, reproducer, etc., and extra sturdy double-spring motor.

In Oak, £30.

Fidelity in reproduction is the outstanding feature of the "Echoleon."

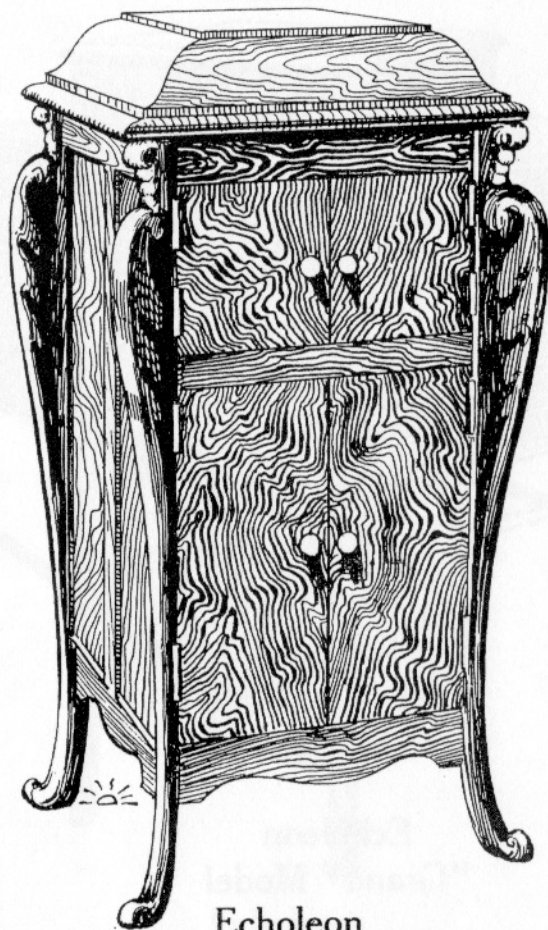

Echoleon "Grand" Model

Beautifully finished in Jacobean style. Extra roomy record accommodation. Tone arm reproducer, amplifier, etc., of standard Echoleon pattern. Extra heavy double spring motor that will play at least four records with one winding.

In Oak, £44.

The "Echoleon" reproducer minimises surface noises.

Echoleon
"De Luxe" Model

Gracefully designed cabinet in Oak or Mahogany, with sturdy carved legs. Liberal record storage. "Echoleon" standard pattern tone arm, reproducer, amplifier, etc. Fitted with extra strong triple spring motor, capable of playing six records. In Oak, £41/10/-.

Let your ear decide—after hearing the "Echoleon."

Echoleon
"Camp" Model

Especially designed for out-of-doors. Weighing only 12½lbs., it is particularly suited for picnics, camping, motor tours, etc.

In Oak, £7/10/-.

Printed words cannot convey half so surely as a demonstration the Echoleon's exquisite musical tone or beautiful appearance, therefore we invite you to personally inspect the instrument in our showrooms.

Record Cabinets

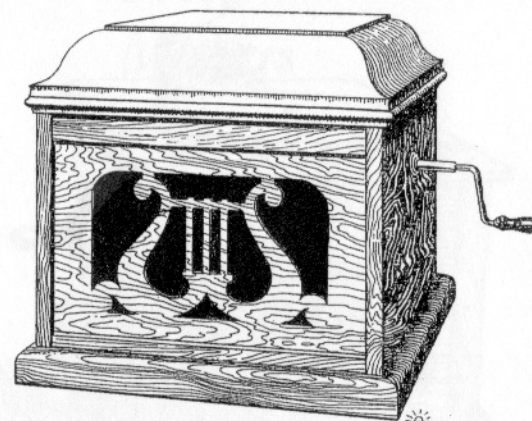

Well made in Oak. With drop lid, facilitating the sorting of records. A handsome piece of furniture, the right size to accommodate table model gramophones. Prices on application.

Record Carriers

Simplifies the transporting of records. Strongly, yet lightly, made, with leather handle. Capacity, two dozen records.

In Oak, 19/6.

The "Echoleon" will play perfectly every brand of disc record.

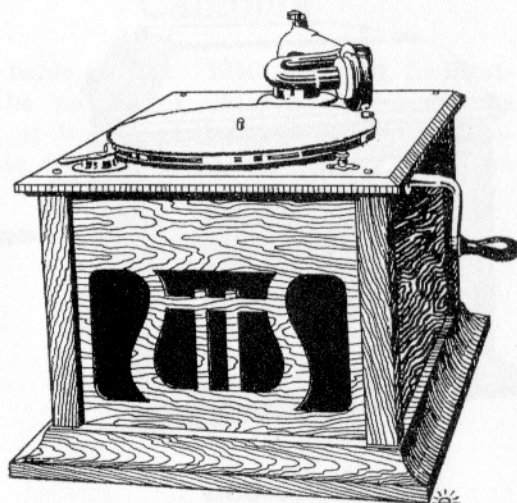

Echoleon "Concerto" Model

Fine finished Cabinet, in either Oak or Mahogany. Appointments identical with cabinet models, including heavy double-spring motor.

In Oak, £21/10/-.

The Echoleon motor is the best in the world; it is extra long-running, and absolutely silent. The Echoleon has all the appointments of the highest-grade instruments, and the cabinet models have extra roomy accommodation for storing records.

The timber used in the "Echoleon" has been specially seasoned for the New Zealand climate.

**Echoleon
"Home" Model**

Designed to give satisfaction at an extremely low cost. All fittings nickel-plated. Fitted with "Echoleon" patent amplifier.

In Oak, £9/15/-.

The Echoleon universal reproducer, scientifically constructed tone arm and unique sound amplifier enable you to play any make of record. The reproduction is an exact rendition of the original in all its purity, sweetness and power.
